PRESS RELEASE

DAJIN CLOSES \$1,221,500 FINANCING

Vancouver, B.C. – October 20, 2014 - Dajin Resources Corp. (the "Company") (DJI-V: TSX) is pleased to report that it has closed the non-brokered Private Placement announced on July 31, 2014 with the issuance of 24,430,000 Units for gross proceeds of \$1,221,500. The 24,430,000 common shares issued pursuant to this financing are subject to a four month hold period expiring February 9, 2015. A finder's fee of 800,000 Units and \$27,500 was paid in respect to this financing.

Each Unit consists of one common share in the capital of the Company ("Common Share") and one non-transferable share purchase warrant ("Warrant"). Each Warrant entitles the holder thereof to purchase one Common Share of the Company at a price of \$0.05 on or before October 10, 2016.

Proceeds from the Private Placement will be used for property exploration, project development, the review of new projects and for general working capital.

About Dajin:

Dajin holds a 100% interest in concessions or concession applications in Jujuy Province, Argentina that were acquired in regions known to contain brines with potassium, lithium and boron values. These concessions total approximately 100,000 hectares with 80,248 hectares located in the Salinas Grandes/Guayatayoc salt lakes basin. Orocobre Limited (ORL: TSX-T) which is backed by Toyota and other potash/lithium/boron companies are currently exploring in Jujuy Province. Orocobre previously sampled its concessions and announced, "Extensive pit sampling at the Salinas Grandes salar shows the highest average lithium and potassium grades in Argentina and comparable with the Atacama brines."
