PRESS RELEASE

PRIVATE PLACEMENT INCREASED

Vancouver, BC – October 8, 2014 - Dajin Resources Corp. (“Dajin”) (DJI-V: TSX) (C2U-FRANKFURT) is pleased to report that, subject to regulatory approval, the non-brokered Private Placement announced on July 31, 2014 for \$750,000 has been increased to \$1,221,500 at a price of \$0.05 per unit. Each unit is comprised of one common share and one non-transferable share purchase warrant. Each warrant will entitle the holder to purchase one additional common share of Dajin at a price of \$0.05 per share for a period of two years from the date of acceptance of the Private Placement by the TSX Venture Exchange. A finder’s fee will be paid in either cash or units on closing in accordance with TSX Venture Exchange policy. The proceeds from the Private Placement will be used for property exploration, project development and for general working capital.

About Dajin: (www.dajin.ca)

Dajin holds a 100% interest in concessions or concession applications in Jujuy Province Argentina that were acquired in regions known to contain brines with potassium, lithium and boron values. These lands total approximately 100,000 hectares with 80,248 hectares located in the Salinas Grandes / Guayatayoc salt lakes basin. Other potash /lithium/boron companies currently exploring in Jujuy Province include Lithium Americas Inc. (LAC: TSX-T) and Orocobre Limited (ORL: TSX-T) backed by Toyota. Orocobre previously sampled its concessions and announced, “Extensive pit sampling at the Salinas Grandes salar shows the highest average lithium and potassium grades in Argentina and comparable with Atacama brines.”
